

ENROBING . . . ALL DAY . . . EVERY DAY

hamburg
MF®

Easy-Clean High Efficiency Enrobing Systems.

Our enrobers are designed to meet the highest standards of the confectionery, bakery, snack foods and dairy industries.

FEATURES INCLUDE:

- superior coating results with great weight accuracy
- excellent control of pre-crystallization for 24/7 production runs
- optional integrated and outboard tempering systems
- integrated full flow coating filtering system
- heavy duty design for many years of reliable operation
- clean in place design with "smart" removable items such as main trough, bottomer, etc.
- also available: cooling tunnels, decorators, tempering machines, center feeders, beltwashers, etc.
- local service and parts

We offer standard machines and customized solutions to fit your individual processing requirements. We listen to our customers and focus on their specific product requirements while providing them with a quick return on investment.
